

## ARS COLLAR

CABLE TIES AND TIGHTENING SYSTEMS › ARS MODEL COLLAR

Suitable for the safe and reliable connection of exhaust pipes from internal combustion engines where a male-female coupling is required, even for those subject to significant temperature fluctuations.

### One-piece clamping band

- uniform contact pressure across the entire circumference of the tube
- Excellent sealing properties

Single bolt closure for easy assembly.

Rounded band edges to protect the tube and reduce the risk of injury.

W1 material free of Chromium VI - available on request in W2 - W4 - W5 steel  
Packs of 10 pieces
