

Self-extinguishing SINGLE-LAYER SPARK-PROOF POLYURETHANE HOSE

HOSES > Hoses for Pneumatic Applications > POLYURETHANE - ELASTOLLAN - EXTRAFLEX HOSES

Ether-based SINGLE-LAYER NON-SPARKING POLYURETHANE tube

Self-extinguishing according to UL94V2 standards.

Hardness 58 shD

Black color, other colors on request.

Excellent flexibility and abrasion resistance,

suitable for the passage of fluids in refrigeration circuits and machines

for welding and welding robots.

lengths 50 - 100 meters

Suitable for use with quick couplings.

Pipe diameters mm	Weight gr	Radius of curvature mm	Operating pressure Bar
2x4	12.5	10	22
2.5x6	30.2	10	27
3.5x6	24.1	15	17
4.5x8	44.5	20	17
5.5x8	34.3	30	12
6x10	65.1	25	16
7.5x10	44.5	45	9
8x12	81.3	40	13
