

FUEL HOSE/16bar EN 12115

HOSES › Hydrocarbon delivery hoses

DELIVERY PIPE FOR FUEL AND MINERAL OILS - EN 12115

Application: Delivery of fuels and petroleum derivatives with aromatic content up to 50%

Inner tube: Black, smooth antistatic **NBR1** rubber

Reinforcement: High tenacity synthetic fabrics, with 2 incorporated copper cords for grounding the pipe

Cover: Black, smooth, flame retardant and antistatic ($R < 10^6$ Ohm/m), with **CR** rubber fabric impression, resistant to chemicals, ozone and atmospheric agents

Operating temperature: -30°C +80°C

Reference standards: EN 12115 / TRbF

Packaging: 40 or 61 meter rolls
