

MULTIFOOD TUBE - O for Olive Oil

HOSES › Flexible hoses for liquids suitable for food use

Flexible rubber hose specific for transferring olive oil or edible oils containing vegetable fatty acids.

Particularly insulating, it guarantees and preserves the flavor and scent of the passing fluid.

STRUCTURE

Clear translucent **UHMWPE** (high molecular weight) food grade, odorless and tasteless tube.

Reinforced with high tenacity technical fabrics, with incorporated metal spiral.

Smooth (or corrugated on request) green covering with cloth impression in **EPDM** rubber, resistant to abrasion, ozone and atmospheric agents.
