

FLORINATED RUBBER SHEET - FKM - VITON

RUBBER SHEETS › Rubber

VITON® rubber sheet in fluorinated rubber compound.

Black or green color

Excellent resistance to chemical/pharmaceutical aggression, ozone and temperature changes.

Excellent resistance to hydrocarbons, chlorinated lubricants and solvents.

Poor resistance to alkalis and ketones or paint solvents.

Excellent resistance to water and steam.

Temperature from +100° to +250° C depending on use.

DESCRIPTION	NORM	
Specific weight	1.95 g/cm3	
Hardness 70 Sh A +/-5	ASTM D2240	70SH A
Breaking load	ASTM D412	50 kg/cm2
Stretching	ASTM D412	200%
COMPRESSION (24 hours at -70°C)	ASTM D395-B	62%
Tear resistance	ASTM D624	18 kg/cm
Surface	smooth/smooth	
Color	black
